

Request for Council Action

Originator Engineering	Item Order 2016-901 Storm Sewer Maintenance Project
Agenda Section Consent Business	Date 4/4/2016

Description

The City Council is requested to consider ordering the 2016-901 Storm Sewer Maintenance Project. The project includes maintenance to the storm sewer system at approximately fifteen sites around Bloomington, including several flood mitigation improvements identified during flooding in June 2014 and August 2015.

Residents living in the vicinity will be notified of the construction and informational meetings held, if requested.

Funding is included in the Storm Water Drainage Utility Budget under Fund 665546, and no assessments will be involved in the project. This project is expected to be approximately \$350,000.

A map has been included of the project sites, along with a listing of the proposed work.

The following schedule is proposed:

Council Order Project	April 4, 2016
Council Approve Plans and Specifications	April 18, 2016
First Advertisement	May 12, 2106
Open Bids	June 1, 2016
Council Consider Bids	June 6, 2016

Prepared by: Steve Segar, Civil Engineer

Presented by (if needed): Shelly Pederson, City Engineer

Requested Action

Staff recommends that the City Council order the 2016-901 Storm Sewer Maintenance Project.
